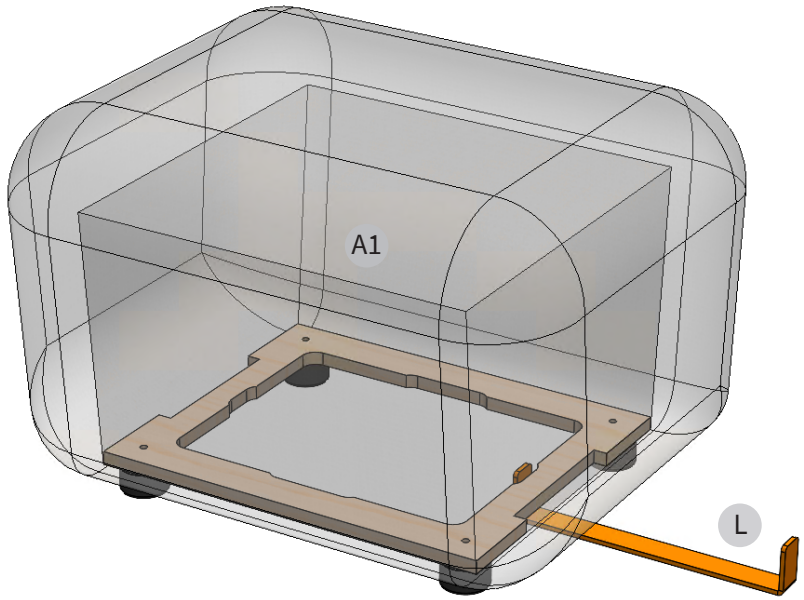
(2) -A

Platziere A(1) auf dem vorgesehenen Bodenbereich. Führe L von der Unterseite seitlich in A(1) ein und stelle sicher, dass L sich in der mittleren Aussparung von A(1) befindet. Anschließend lege L auf den Boden.



(2) -B

Richte das zweite A (2) an A (1) aus, hebe eine seitliche Seite an, und drücke an A (1) nach unten fest, sodass sie in L einrastet.

* Die Montage der anderen Sitzelemente erfolgt nach dem gleichen Prinzip und kann in Reihe erweitert werden.
